When a painted finish is specified, the center panel may be constructed of Medium Density Fiberboard (MDF). MDF provides a smoother finish when painted, and is more resistant to warping, expansion, and contraction.

See back page for finish availability.

# Quality, Value and Experience

Since 1954, Aristokraft has provided the best of both worlds, sturdy construction at a solid value. A beautiful, functioning cabinet starts with smart construction. Your designer can answer questions about which cabinet and drawer options are available, and recommend the best solution to meet your needs. Our network of dealers and builders have the knowledge and experience to help you visualize the potential that your new space holds.
